**White Knoll High School teacher receives science grant**

LEXINGTON, S.C. — White Knoll High School Health Science Teacher Angel Clark received an Anatomy in Clay® Grant valued at \$4,000. Clark was one of seven S.C. teachers to receive the grant.

The grant, awarded by The S.C. Hospital Association and the S.C. Department of Education, included curriculum, training and a class set of 28 interactive anatomical models. White Knoll Students will use the learning systems to study human skeletal, muscular and vascular systems.
