

## **Policy JICDBB\* Identification Procedures**

Issued 3/04

Purpose: To establish the basic structure for the use of identification badges by staff and students.

### **Identification badges**

All district high school students, middle school students, school employees and district employees are required to wear photographic identification badges issued by the district. All students and employees will wear these badges at all times while at school and while traveling to and from school on regular school buses and field trips.

Under most circumstances, students will not be expected to wear ID badges while participating in athletic or extracurricular events. In certain classroom situations (i.e. art, lab, PE, band, orchestra), it will be the teacher's responsibility to determine if the badge poses a distraction or safety threat.

All visitors to schools will wear temporary visitors' passes.
