

Permission for School Administration of Non-Prescription and Prescription Medication

(Any required daily medications such as ADHD meds, etc. or over the counter as needed meds such as analgesics)

Non-Prescription (over the counter) medications do not require a medical provider's signature unless ordered differently than the manufacture label such as different dosages or intervals. Parents complete all non-prescription forms, sign and bring order to the school with medications. Please ensure that all medications provided are **not expired or expiring**.

Prescription Medications require the ordering provider to complete the order and both the **provider and parent signs the order**. Please ensure the **prescription on the bottle matches the orders and are not expired**.

All medications must be brought to the school nurse in their **original bottles accompanied by the orders**. Copies of the medication orders can come via fax or email from the medical provider or parent and can be kept until the medication is delivered to the school by the parent. However, medications cannot be stored by the nurse without the medication order.

For all allergies, please complete the **Allergy History Form**.

For any Food Allergy, please have the medical provider complete the **Medical Statement to Request Special Meals And/or Accommodations**.

For asthma, please complete the **Asthma History Form**.

Please don't hesitate to contact me with questions.

Susan Wright, RN, BSN

**Permission for School Administration
of Non-Prescription and Prescription Medication**
Lexington County School District One
School Year: _____

For school use only:

- Routine
 PRN (As needed)

Start Date: _____

Whenever possible, parents/guardians should give their children their medications before or after school hours. The school nurse should not give your child the first (initial) dose of any medication that he or she has never taken before. Please do that at home.

In order for your child to receive any prescription or non-prescription medication, you must completely fill out one of these forms for each medication and give it to the school nurse. **A physician order is required for all prescription medications, all over the counter (OTC) medications that will be administered for >14 days, all OTC medications outside of the manufacturer's recommendations, and all herbal, dietary or homeopathic supplements or remedies.** All medication must be in its original labeled container. If you were given "samples" of any medications by your health care practitioner, those samples must also be in a container that appropriately identifies the medication.

By signing this form, the parent/guardian and health care practitioner acknowledge that information from this form may be included in the student's Individual Health Care Plan, if applicable.

Child's Name _____

Date of Birth _____

Name of School Child Attends _____

Grade _____

The following section is to be completed by the prescribing health care practitioner for all prescription medications, all OTC medications that will be administered for >14 days, all OTC medications outside of manufacturer's recommendations, and all herbal, dietary or homeopathic supplements or remedies.

Prescribing Health Care Practitioner's Signature _____

Date _____

Stamp, Print or Type Health Care Practitioner's Name and Address:

Office Telephone Number

Office Fax Number

The following section is to be completed by child's parent or guardian.

I give permission for my child, _____, to be given the above medication as prescribed. I give permission for the school nurse or school administrator to contact the health care practitioner named above or the pharmacist who filled the prescription to discuss this medication and my child's health. I give permission for the health care practitioner named above, the pharmacist and/or their designated employees to provide information about this medication and my child's health to the school nurse or school administrator. I also give permission for this form to apply if I transfer my child to another school in Lexington District One during the current school year. I will not hold the school, school district or school personnel liable for any adverse drug reactions when the medication is administered according to the prescribed methods. I agree to notify the school if my child's medication changes.
